

AMENDMENTS

Please amend the above-identified application as follows:

In the Claims

Please cancel claims 7 and 15-23 without prejudice, waiver or disclaimer.

In accordance with 37 C.F.R. § 1.121, please substitute the following clean copy text for the pending claims of the same number:

- sub G1
F1
1. (Three Times Amended) An organic light emitting device, comprising:
an electrode;
a conducting layer;
a current self-limiting structure between said electrode and said conducting layer; and
an organic stack located adjacent said electrode and separated from said conductive current self limiting structure by said electrode.

- sub G2
F2
10. (Three Times Amended) A method for increasing the reliability of an organic light emitting device, comprising the steps of:
forming an organic light emitting device including an organic stack; and
incorporating a current self-limiting structure within said organic light emitting device, said current self-limiting structure formed between an electrode and a conducting layer and separated from said organic stack by said electrode.
